

FREMONT TRASH & RECYCLING INFORMATION

BULKY DROP-OFF INFORMATION

Twice per year the Town of Fremont sponsors a Bulky Drop-Off Day, one in the spring and once in the fall. For these two collections, you can dispose of bulky items or other items not generally accepted for curbside pickup. The Town does a mailing to every household in Fremont for each bulky collection day.

Roll-off dumpsters are obtained for the day at the Town's former landfill site at 113 Danville Road. We accept bulky items, furniture or appliances, steel items, and for a fee, electronics, tires, propane tanks and Freon-containing items (spring only). NO REGULAR TRASH is accepted on Bulky Day.

We always need volunteers, and anyone wishing to participate should call the Selectmen's Office at 895-2226 or send an email to FremontTA@comcast.net.

TRASH PICKUP INFORMATION

- ◇ Cape Disposal is contracted through December 31, 2006 for MSW and recycle pickup in Fremont. They generally pick up trash on Wednesday and Thursday, excluding holiday weeks. There is a master listing of streets and days of pickup at the Selectmen's Office. Feel free to call to get this information.
- ◇ All trash must be bagged. Please bag all trash before putting it in trash cans or other containers. This helps to eliminate trash from blowing and separating.
- ◇ The limit per household is 8 (eight) bags of trash per week, or 4 (four) barrels.
- ◇ No bag or barrel can weigh more than 70 pounds.
- ◇ Trash and recycling should be at the curb by 6:00 am on your collection day.
- ◇ NO YARD WASTE or CONSTRUCTION DEBRIS of any kind is allowed for pickup. This includes grass clippings, leaves, and brush. Look for other acceptable ways to compost this material.
- ◇ NO HAZARDOUS MATERIALS are allowed for pickup.

TONNAGE

In 2005 Fremont disposed of 1,760.66 tons of trash. We recycled 263.78 tons of material. This computes to far less than the State standard of 40% recycling. Less tonnage saves us money!

TRASH COSTS

The Town pays for its tipping through a solid waste district, SRRDD 53-B. Our tonnage is calculated and billed through the district office in North Hampton; and paid on a monthly basis. The more we recycle, the cheaper our costs are.

Effective July 1, 2005 through June 30, 2006, Solid Waste is disposed of at the landfill at a cost of \$60.85 per ton. Recycled materials are recycled at a much lower cost (sometimes no cost) per ton. Bulky waste costs \$73.44 per ton in tipping fees.

GENERAL RECYCLING INFORMATION

- ◇ Specific questions about recycling in Fremont can be directed to the Selectmen's Office at 895-2226. questions about pickup or items left behind should be directed to Cape Disposal at 778-7150.
- ◇ If you have overflow recycling (that won't fit in your bin) put it in another open container (box, laundry basket, a Rubbermaid container, etc) so that it will not be mistaken for trash.
- ◇ Recycling bins are available at the Selectmen's Office during regular business hours. They are orange or blue and are marked "Fremont recycles." A second bin is available at a cost of \$5.00 if you always have overflow recycling.
- ◇ We need to continue to strive for a higher community effort of recycling. The more we recycle, the more we can save in tipping fees. We need to get more into the recycling bins and out of the solid waste stream.

2006 HOLIDAY SCHEDULE FOR PICKUP

On days when the Turnkey Landfill is closed, our waste pickup is one day delayed for the week. In 2006, the holiday schedule is:

Memorial Day - May 29

Independence Day - July 4

Labor Day - September 4

Christmas - December 25

On holiday weeks, Wednesday pickup will be on Thursday and Thursday pickup will be on Friday.

For Thanksgiving - November 23, only Thursday pickup will be delayed.
